Dr. Fawzi Al-Hammouri has around 25 years of experience in healthcare leadership. He is a well-known healthcare leader and a role model in Jordan and in the region; he played a major role in improving the healthcare sector and the quality of healthcare services in Jordan. He is a distinguished international speaker in which he was invited to present Jordan as a Success Story in a lot of medical tourism conferences and forums internationally, to share the experience and journey with other emerging medical tourism destinations.

Additionally, Dr. Al-Hammouri is leading a huge effort for promoting Jordan's opportunities of investment and focusing on the investment environment in the healthcare sector.

Dr. Al-Hammouri is the Chairman of the Private Hospitals Association (PHA) in Jordan, where he succeeded to improve the performance of the private hospitals and this was awarded by achieving the "Best Practice" certificate twice and the "Seal of Excellence" by the King Abdullah II Award for Excellence. And the PHA received the award "Jordan as the best medical tourism destination for the year 2014".

In October 2015 Dr. Al-Hammouri was the president of the Global Healthcare Travel Council (GHTC) until 2017. Dr. Al-Hammouri was also one of the founding members and he is now the honorary president of GHTC.

In July 2017, Dr. Fawzi, was honoured from the Jordanian Minister of Tourism and Antiquities by naming him as " Jordan Meetings & Conferences Ambassador".

Dr. Al-Hammouri achieved "Sanjiv Malik Lifetime Award" from the International Medical Travel Journal in which he was awarded for his personal efforts over the past years in medical tourism locally and internationally.
